Company Overview

Resolute Elevator LLC is a North Carolina-based elevator manufacturing and installation company specializing in modular and conventional elevator systems as well as modernization, service, and maintenance. Founded in 2015, Resolute has become a trusted partner for contractors and developers across the Southeast and beyond. With a proven track record of hundreds of modular units delivered, Resolute provides cost-efficient, code-compliant, and reliable elevator solutions that save project time and minimize risk.

Resolute Elevator – Experience Quality, Innovation, and Simplicity

Corporate Data

Founded: November 13, 2015
Headquarters: Burlington, NC
NAICS Codes:

- 238290 – Other Building Equipment Contractors
- 238990 – All Other Specialty Trade Contractors
- 333921 – Elevator & Moving Stairway Manufacturing

Business Type: Privately Held, U.S. Company
DUNS: 080074708

Core Capabilities

- Modular Elevator Systems – Hydraulic & traction modular systems; off-site fabrication with rapid installation; fire-rated shafts & assemblies.
- Conventional Elevator Installations – Full-service hydraulic & traction installations; Division 14 compliance.
- Modernization Services – Upgrades to controllers, fixtures, cabs, entrances; improved energy efficiency & reliability.
- Preventive Maintenance & Service – Tailored PMAs, 24/7 emergency response, and comprehensive owner training.
- Engineering & Project Management – In-house engineering, submittals, third-party inspections, Lean project delivery.
- Compliance & Safety – ASME A17.1, IBC, UL, state modular certifications, company-wide safety training.

Differentiators

- Schedule Advantage – Modular systems can reduce elevator schedule impacts by 30+ days.
- Experience – Hundreds of modular elevators produced and installed across multiple states.
- Turnkey Solutions – From design and fabrication to installation, service, and warranty.
- Flexibility – Strong OEM and supplier partnerships allow tailored solutions.
- Culture of Safety & Quality – Dedicated safety training, QC programs, and third-party inspections.

Contract Vehicles

Resolute Elevator does not currently hold a direct federal contract vehicle such as a GSA Schedule, IDIQ, or GWAC. Instead, the company participates in state and federal projects through subcontracting relationships with prime contractors that hold those vehicles. This approach allows Resolute to bring its specialized expertise in modular and conventional elevator systems to large-scale projects while operating within the procurement framework established by the prime.

At both the state and federal levels, Resolute contributes technical capacity, design, assembly, installation, and service capabilities as a qualified subcontractor, helping prime contractors meet project performance requirements and successfully deliver complex building systems.

Through these roles, Resolute expands its market reach, delivers specialized elevator solutions, and supports overall project success, while the prime contractors manage the contractual and administrative obligations of the vehicle itself.

Certifications

- North Carolina Special Restricted Elevator Classification – License #SP.EL.31443
- North Carolina Board of Examiners for Engineers and Surveyors – Firm License #D-0476
- South Carolina Certificate of Authorization (Limited Engineering) – Firm License #7633
